

Experimental Course in Biotechnology and Medicine

Workshop in Infection Diagnosis

筑波大学
University of Tsukuba

Organized by:
Faculty of Medicine, University of Tsukuba
and HCMC Biotechnology Center

BIOTECHNOLOGY CENTER
HO CHI MINH CITY

Dates: February 20 - 23, 2023
Venue: HCMC Biotechnology Center, HCMC, Vietnam

A practical training course for biomedical research scientists. Participants will learn the principles and techniques to identify and characterize pathogenic bacteria from patient samples. Student will make an oral presentation on the final day. Course will be conducted by Dr. Kazuya Morikawa from Univ. of Tsukuba.

The course is designed for undergraduate students and is open to students to Faculty, staff and students from University of Tsukuba partner institutes in the South East Asia. The deadline of application is December 20, 2023.

Course schedule and application form will be available at University of Tsukuba, Ho Chi Minh City office website:
