12th SEAMEO-University of Tsukuba Symposium

What is SEAMEO-UT Symposium? This year marks the 12th anniversary of the Symposium. The SEAMEO Secretariat and its 26 centers, which are leading educational reforms in the Southeast Asian region, have invited experts to share their knowledge on urgent international educational issues. The overall theme of this year's symposium is "Challenges and Ways Forward in the Era of Generative AI with Reflection on 25 Years of 21st Century Education." This year, a special session on international co-curricular programs will be held for Japanese university representatives.
