<p><b>COURSE RESTRICTIONS</b></p>	<p>Exchange students in the field of Human Health are not permitted by law to participate in practical classes and internships, but they may audit these courses if appropriate.</p> <p>The Faculty of Architecture and Urbanism [<i>Faculdade de Arquitetura e Urbanismo</i>] (FAU) and the School of Economics, Business, Accounting, and Actuarial Science [<i>Faculdade de Economia, Administração e Contabilidade</i>] (FEA) receive a high volume of applications each semester and have limited capacity to accommodate exchange students. We strongly advise students interested in these schools to explore alternative options.</p>
<p><b>LANGUAGE REQUIREMENTS</b></p>	<p>The majority of classes at USP are conducted exclusively in Portuguese. Consequently, students must possess a proficient command of Portuguese to participate in these classes (CEFR B1 level). A formal language proficiency certificate is not mandatory. Research activities, on the other hand, do not impose specific language requirements. These activities may be conducted in a language mutually agreed upon between the student and their supervisor.</p>
<p><b>STUDENT SERVICES, SUPPORT AND CAMPUS LIFE</b></p>	
<p><b>LANGUAGE COURSE</b></p>	<p>The exchange student can attend (during the semester, not before) an intensive Portuguese course offered by the Language Learning Center (Centro de Línguas da FFLCH) at the São Paulo Campus only – Cidade Universitária. For further information, please visit <a href="https://clinguas.fflch.usp.br/proficiencia-de-portugues-informacoes-gerais">https://clinguas.fflch.usp.br/proficiencia-de-portugues-informacoes-gerais</a> or send an email to <a href="mailto:clport@usp.br">clport@usp.br</a>. For opportunities available on other campuses, please refer to our <b>Local International Offices</b>.</p>

	Language center courses can be combined with regular courses arranged by various faculties, but they are not listed on the transcript of records. Students who pass the exams receive a certificate of attendance and exchange coordinators may consider them when transferring credits.
<b>RESTAURANTS</b>	Each campus features its own affordable restaurants serving breakfast, lunch, and dinner.
<b>MEDICAL FACILITIES</b>	USP owns two major hospitals and maintains partnerships with the Clinical Hospital of São Paulo and Ribeirão Preto. Exchange students can access these facilities in case of emergencies.
<b>SPORTS AND CULTURAL FACILITIES</b>	<p>Sports and recreational facilities are available on all campuses, offering a wide range of amenities. Certain centers offer specialized programs for various sports, including soccer, basketball, volleyball, and swimming. These programs are overseen by professionals in their respective fields and are accessible to international students.</p> <p>Beyond its museums, USP is home to numerous <b>cultural centers</b> and groups, offering students a diverse array of options for leisure and cultural engagement.</p>
<b>ACCOMMODATION</b>	<p>Accommodation options for exchange students are not provided on the campuses. Students are responsible for conducting their own search for accommodation based on their financial circumstances and preferences.</p> <p>For more details on alternative housing options outside the campuses, please reach out to the <b>Local International Offices</b>.</p>
